Fair & Transparent Privacy Explained

We have provided some further explanations about user privacy and the way we use this website to help promote a transparent and honest user privacy methodology.

Sponsored links, affiliate tracking & commissions

Our website may contain adverts, sponsored and affiliate links on some pages. These are typically served through our advertising partners; Google AdSense, eBay Partner Network, Amazon Affiliates, or are self served through our own means. We only use

trusted advertising partners who each have high standards of user privacy and security. However we do not control the actual adverts seen / displayed by our advertising partners. Our ad partners may collect data and use cookies for ad personalisation and measurement. Where ad preferences are requested as "non-personalised" cookies may still be used for frequency capping, aggregated ad reporting and to combat fraud and abuse.

Clicking on any adverts, sponsored or affiliate links may track your actions by using a cookie saved to your device. You can read more about cookies on this website above. Your actions are usually recorded as a referral from our website by this cookie. In most cases we earn a very small commission from the advertiser or advertising partner, at no cost to you, whether you make a purchase on their website or not.

We use advertising partners in these ways to help generate an income from the website, which allows us to continue our work and provide you with the best overall experience and valued information.

If you have any concerns about this we suggest you do not click on any adverts, sponsored or affiliate links found throughout the website.

Email marketing messages & subscription

Under the GDPR we use the consent lawful basis for anyone subscribing to our newsletter or marketing mailing list. We only collect certain data about you, as detailed in the "Processing of your personal data" above. Any email marketing messages we send are done so through an EMS, email marketing service provider. An EMS is a third party service provider of software / applications that allows marketers to send out email marketing campaigns to a list of users.

Email marketing messages that we send may contain tracking beacons / tracked clickable links or similar server technologies in order to track subscriber activity within email marketing messages. Where used, such marketing messages may record a range of data such as; times, dates, I.P addresses, opens, clicks, forwards, geographic and demographic data. Such data, within its limitations will show the activity each subscriber made for that email campaign.

Any email marketing messages we send are in accordance with the GDPR and the PECR. We provide you with an easy method to withdraw your consent.
